

## Hung Jury In Hoffa Trial

Dismissed on Failure to Reach Verdict; Defense Charges 'Coercion'

NEW YORK (AP)—The federal wiretap conspiracy trial of teamster chief James R. Hoffa ended in a hung jury today with the defense charging that "coercion" had been attempted on one of the jurors.

The "coercion" charge was made by Hoffa's attorney, Sol Gelb, shortly before Federal Judge Frederick Van Pelt Bryan dismissed the jury when it failed to reach unanimous agreement on a verdict.

During the course of the 28 hours of deliberation, the jury sent several notes to the court requesting explanation or clarification on

of deliberation the jury sent several points of law and legal terms.

At 11:20 p. m. e. s. t. jury foreman Mrs. Lillian Doren sent a note to Bryan saying there was one lone hold-out in the jury.

**Advice Sought**  
"After all our deliberation, we have 11 jurors in accord," the note said. "We have one juror who will not give credence to circumstantial evidence. Please give us advice."

Bryan asked the jurors what they wanted explained. Mrs. Doren said "he wants the clarification" and named the juror.

Gelb immediately rose and branded the action "unprecedented."

"This was the open fingering of a juror," Gelb shouted. "This was a gold-fish bowl trial. It was coercion of a juror."

Bryan then explained the meaning of circumstantial evidence and the jury retired for further deliberation.

At 12:50 a. m. they sent a note stating they could not agree on a unanimous verdict.

Hoffa, president-elect of the 1,300,000-member Teamsters Union, immediately was congratulated by about a dozen union men who stayed with him through the night to await a verdict.

**U. S. Plans New Trial**  
U. S. attorney Paul W. Williams, obviously disappointed at the outcome of the trial, said he would bring Hoffa and his two co-defendants to trial again on the same charges.

"There certainly will be another trial," Williams said. "I shall re-try this case at the earliest practicable time."

Hoffa, 44, along with Owen Brennan, president of Detroit teamster Local 337 and Bernard Spindel, a professional wiretapper, was charged with illegally tapping the telephones of union officials in the teamsters Detroit offices from 1954 to 1957.

Each could have been sentenced to a year in prison and fined a maximum of \$10,000 if found guilty.

## Death Takes Mrs. S. O. Durham

Mrs. S. O. Durham, mother of Ray Durham and Miss Lilly Durham, died in her home, 714 North Main street at 12 noon today. She is also survived by her son C. R. Durham of Miami, Okla.

The body is in the care of the Turner funeral home and will lie in state there. Funeral arrangements will be announced Saturday.

It was Mrs. Durham's request, that flowers be omitted.

## Army to Boost Draft Calls

WASHINGTON (AP)—The Defense Department announced today it will boost to 13,000 the number of men to be drafted in February.

This compares with 10,000 in January and is the highest monthly level since last July when 13,000 were drafted.

All of the February draftees will be assigned to the Army.

The Defense Department said monthly draft calls for the rest of 1958 will be at about the February level.

The February draft call will bring to 2,283,430 the number of draftees since the start of the Korean War in June, 1950.

## Estimate 180 Holiday Deaths

CHICAGO (AP)—The National Safety Council has estimated that as many as 180 persons will be killed in the 30-hour Christmas holiday from 6 p. m. Tuesday to midnight Wednesday.

The average fatality toll for a similar non-holiday period in December is 80.

Council President Ned H. Dearborn said the traffic toll could be held to the normal figure if drivers refrain from drinking, if they slow down and if they "practice patience, courtesy and kindness toward others."

## Trailer Court For SIU Students Hit by Storm

CARBONDALE, Ill.—This Christmas may not be gay for a small group of Southern Illinois University students, but they aren't complaining.

"We're so thankful to be alive nothing else seems important," explained Earl Lewis, 21-year-old senior, formerly of Sesser, as he gazed wistfully at his smashed trailer home.

Lewis was among 17 persons in their trailers at Cedar Lane Court Wednesday when a fierce tornado howled into the settlement, scattering trailers like pins before a bowling ball. A few of the residents received minor injuries but none were hospitalized. The trailer court, occupied mainly by SIU students and their families, is located two miles south of Carbondale.

"My wife and I were sitting on the couch when we saw it coming—a huge black cloud, boiling and twisting," Lewis recalled. "We felt the trailer lift and tilt. Then we flew out the window backwards. Our baby was still in my arms, unharmed. I got a cut on the arm, but my wife wasn't scratched."

Nearby, Mrs. Joan Seamen and her father-in-law, Walter Seamen, Litchfield, emerged without injury from a trailer which had been jerked from its foundation, rolled 50 feet, and completely flattened. Mrs. Seamen's husband, Roy, an SIU junior, was not at home.

"It hit awfully fast," Mrs. Seamen said. "We didn't have time to get scared."

Several of the trailers were unoccupied because the University's Christmas vacation had begun the day before. In all, 14 of the court's 22 trailers were damaged or demolished. The homes were the first for some of the young married students.

Damage will run well beyond \$50,000, according to unofficial estimates. Of the 18 trailers owned by SIU students, most were covered by insurance, but few of the owners carried insurance on their personal property.

The University is providing police protection, storage space, and temporary housing for the student storm victims. So far, none of the students have indicated that financial difficulties brought on by the storm will force them to drop out of college.

## Stores to Remain Open Until 8 Tonight, Saturday and Monday

Harrisburg stores will remain open until 8 o'clock tonight, Saturday and Monday nights for the convenience of late Christmas shoppers.

All stores, including grocery stores, will remain open late on these four nights.

On Christmas Eve, stores will close at 5 p. m. except grocery stores, which will close at 5:30.

## Twisters Hit South After 2-Day Rampage In Southern Illinois

### Gov't Reports Cost of Living Resumes Rise

Increase Means Wage Hikes for Big Industry Workers

WASHINGTON (AP)—The cost of living resumed its rise in November.

The government reported today that consumer prices bounced up 4 of 1 per cent to a new record high.

The Bureau of Labor Statistics said its consumer price index for last month soared to 121.6 per cent of average 1947-49 prices after having leveled off in October for the first time in 13 months.

The index has hit record peaks in 14 of the last 15 months. It was 6.1 per cent higher today than when the spiral began in February, 1956.

Most of the November increase was attributed to an 11 per cent rise in the price of new cars over the month the bureau said. The hefty jump in the cost of new autos more than offset a 3 per cent drop in the price of food.

The increase means wage increases of 4 to 5 cents an hour for 900,000 workers in the steel, aluminum and meat packing industries. About 100,000 aircraft and other workers will receive 1-cent-an-hour raises.

Ewan Clague, commissioner of the BLS, said he expects the index will show little change when December prices are calculated.

In a separate report, the Labor Department said the purchasing power of factory workers' take home pay declined by 0.7 per cent because of the rise in consumer prices. Purchasing power slid 3.3 per cent compared with last November. The take home pay of 13 million manufacturing workers dropped by 20 cents because of fewer working hours.

The work week slipped to 39.2 hours a week.

## Mrs. Susan Schrieffer, 84, Mother of Tom Gram, Dies in Florida

Mrs. Schrieffer is survived by her son, Thomas Gram, of Harrisburg; her daughters, Mrs. H. B. Pelhank, and Mrs. A. B. Wilson of Tampa; two grandchildren and four great-grandchildren; her sister, Mrs. Henry Lamkin, and her brother, Henry DeVille, both of Eldorado. She was born in Tell City, Ind., and was the widow of the late George W. Schrieffer, who died 13 years ago. She was a member of the Eldorado Methodist church.

The body will be received by the Eldorado funeral home at 4 p. m. Sunday and will lie in state there Sunday night. The funeral services will be held at 2 p. m. Monday at the funeral home and burial will be in the Wolf Creek cemetery.

## Run by Fire Department

The fire department was called at 6:20 a. m. today to the home of Orval Hudnell, 1314 South McKinley avenue, where wallpaper over a flue hole caught fire. Damage was slight.

## Twister Hits

# Pankeyville Area

What is believed by residents to have been a small tornado struck the south edge of Pankeyville, unincorporated area two miles south of Harrisburg, about nine o'clock last night, demolishing about eight outbuildings, uprooting a number of trees and causing considerable roof damage.

Buildings and at least four residences and the Pankeyville school were affected, a survey showed. There were no injuries.

The twister swooped down near the school and made a path about 100 yards wide for about a half mile to the northeast, apparently rising after doing major damage to buildings at the Kallie Sadler home.

Mrs. Ruby Nelson, store operator whose residence was affected, said that she suddenly heard a roaring noise, which ended in a calm immediately after the damage was done.

Mrs. Sadler said the wind came up suddenly and was over before her family had realized it had hit. Mrs. Nelson said that power to about six or eight places was off

from around 9 p. m. until 2:30 a. m.

The twister shattered an outdoor toilet at Pankeyville school, then crossed the road to Mrs. Nelson's home, where two trees and a toilet were blown over.

A tree was uprooted at the Fred Miller place immediately back of Mrs. Nelson's home. Across the road to the north a smokehouse was demolished, a window pane was blown out and there was roof damage at the home of Mrs. Carmen Martin.

At the Bertis Reynolds home to the east of Mrs. Martin's, a garage was blown about 75 feet off its concrete foundation and flattened. A tree nearby was uprooted.

A large hen house and a smokehouse at the Sadler home were demolished and there was extensive damage to the barn, the entire east half being blown away. The roof and gutting at the Sadler house sustained damage.

Harrisburg itself was not affected by any tornadoic winds. However rains continued to fall in the area with 1.23 inches of precipitation here and 1.05 inches at Galatia between 7 a. m. Thursday and 7 a. m. today. The creeks and ditches were up and all pumps were running at Middle Fork creek where water goes into the city reservoir. The big pump, turned off at 8 a. m. yesterday, was turned on again at 4 p. m.

## Two Petitions Circulated

Petitions for Charles M. Donelson of Eldorado, who seeks Democratic nomination for sheriff of Saline county, were being circulated today. Donelson at present is a deputy sheriff.

Donelson's are the second petitions for county office in circulation. Sheriff William T. Barrett is seeking Democratic nomination for county treasurer.

## Toll Includes 14 Persons Dead, 200 Hurt

Twisters Hit Waltonville and Elkhaville Areas

By United Press

A tornado warning was issued early today for north-central Georgia and northwest South Carolina as twister-spawning air masses moved eastward leaving death in their wake.

At least 14 persons were known dead in the weather onslaught which hit Illinois, Missouri, Arkansas and Alabama.

More than 200 persons were reported injured in the two nights of violence.

A small Alabama town, Littleville, was the latest spot to report tornado damage. A twister there Thursday night injured seven persons, demolished three houses and damaged four of the town's five business establishments.

Another small twister was reported at Clanton, Ala., which caused some damage to three houses and the Dan River textile mill. No injuries were reported.

Other tornadoes swept southwest Arkansas and already hard-hit southern Illinois.

Two Negro women were killed Thursday night in a tornado near Waldo, Ark., and several persons were injured. The Red Cross declared the district a disaster area.

## Several Others Reported

Other twisters hit the communities of Elkhaville, Ill., and Waltonville, Ill., near Mount Vernon which also suffered earlier tornado damage. The twisters Thursday night caused minor damage. Murphysboro, the hardest hit by the rare late December twisters, reported nine known dead. National Guard officers earlier had reported two additional unidentified victims, but local authorities said that report apparently stemmed from communication difficulties.

Other tornado victims included one each at Mount Vernon and Sunfield, Ill., and at Farmington, Mo.

## Stories Include Rain

Heavy rains pounded the tornado swept Midwest communities Thursday, hampering the search for more possible victims.

The dreaching rains added to the misery of the homeless and caused local flooding from Pinckneyville to Mount Vernon and from Nashville to Carbondale in Southern Illinois. High water swirled across U. S. 51 at Elkhaville and Ill. 14 at Benton.

Among the victims at Murphysboro were a mother and three of her children. A fourth child was injured critically.

Their husband and father, George Butcher, 38, a television repairman, returned to his demolished home Thursday to see what could be salvaged from the rubble. He maintained his composure until he found a family photograph album, then broke down in uncontrolled grief.

He was taken to Doctors Hospital at nearby Carbondale in a state of hysteria.

In Washington, the government announced it has designated six counties in Missouri and five in Illinois as disaster areas as a result of the widespread tornado damage.

In Murphysboro, Sheriff Howard Cheatham said 178 were injured in the storm. Two of the injured continued in critical condition.

There was no immediate health danger in the city of 9,200, but authorities continued to advise residents to boil their drinking water.

At Mount Vernon, also hit hard by twisters, at least 50 persons were injured and 19 of them still were hospitalized. About 800 persons were homeless. Authorities counted 50 homes destroyed and up to 150 damaged.

At Chaffee, Mo., authorities estimated damage in Wednesday night's tornado at one million dollars. The twister destroyed a shoe factory minutes after 100 workers had left.

## About Town

And Country

By TIMOTHEUS T.

LOOKS LIKE I'm still on the subject of the Shawnee Hills Recreation association, which is a pretty good subject to stay with, but today I'm not dealing with historical spots and scenic beauties but with raincoats.

It rains in the counties of Saline, Gallatin, Hardin, Pope, Johnson and Massac of southeastern Illinois and it rained the night of Monday when the SHRA met at Shawneetown. I wore my raincoat and properly hung it up at the Legion Home, where the meeting took place.

After the meeting was over I guess I improperly picked up a raincoat because when I hit Harrisburg I reached into a pocket and came up with a package containing three or four Camels.

Since I do not smoke and since statistics show that a lot of people smoke Camels I knew I had the wrong raincoat but did not know to whom it belonged. It could have been a Camel smoker from Saline or Gallatin or Hardin or Pope or Johnson or Massac county.

So Tuesday I wore the raincoat to work and it was a pretty good raincoat. During the afternoon when the rain subsided a bit I left it in the office but when quitting time came I wore it home and back to work Wednesday.

About noon I reached into a pocket and came out with a piece of paper which had been mailed to me a couple of weeks ago and upon looking further I found I had my own raincoat on.

I was in a quandary. My raincoat had switched to another and back to the original again.

Questioning revealed that a man of medium size, real nice looking, had come into the office and had changed the coats on the hook and I had worn my own coat for quite a while without knowing it. I don't know who the person is who brought my coat in and made the switch, getting his own. All I know is he had a pretty good coat and I don't blame him for wanting it back.

WHILE WE'RE STILL WITH the Lost and Found Department, I'd like to mention that George Anderson yesterday lost something that will be of no value to the finder and he'd like to have them back.

Mr. Anderson had four government bonds in an envelope which he laid briefly on the writing desk at the postoffice while he went over to the window. When he returned the envelope was gone, and he'd appreciate it if the bonds turn up as they're Christmas presents he'll be needing right away.

## To Prepare People for Sacrifices

# Ike Returns from Parley

WASHINGTON (AP)—President Eisenhower returned from the NATO summit conference in Paris today to prepare the American people for the sacrifices necessary to meet Russia's challenge to a missile-jittery world.

The President's plane, the Columbine III, landed in a drizzling rain, after a flight of 21 hours and 19 minutes over the great circle route from Europe.

The big ship bucked 80-mile-an-hour headwinds, delaying his arrival by three hours and necessitating an extra refueling stop at Harmon Air Force Base, Newfoundland.

Col. William G. Draper, the Columbine pilot, said the unsched-

uled refueling stop was made to be on the "conservative side." He said that at the time there was a very bad weather forecast for Washington.

The President, described by associates as "roaring around like a rocket" after the jam-packed week of talks with NATO leaders in Paris, apparently was well recovered from the mild stroke he suffered here earlier this month.

**Many Greet Him**  
Dressed in a blue top coat with a blue-figured silk scarf at his throat, he stepped jauntily down the ramp and, smiling broadly, waved his brown hat.

He was greeted by Vice President Richard M. Nixon and a big

delegation of government officials and diplomatic representatives.

Also waiting to welcome him home was the President's daughter-in-law, Mrs. John Eisenhower. She received his first greeting—a kiss and a "glad to see you."

Nixon, then stepped forward, shook hands with Eisenhower and said "Welcome home, sir."

After chatting with Nixon for a minute or so, the President went down the line shaking hands with the Cabinet members and diplomatic representatives.

**Faces Some Criticism**  
Before getting into his limousine for the drive to the White House, the President turned and waved at the delegation.

"Thank you much," he said. As he drove into the southwest gate of the White House he waved to reporters and cameramen clustered at the entrance.

Mrs. Eisenhower greeted her husband at the White House.

He will plunge immediately into the job of translating decisions made in Paris into action and formulating plans for a reported massive defense buildup that may spell increased taxes for Americans.

Eisenhower also faced a barrage of criticism from Democratic congressional leaders who said the NATO talks did not accomplish enough. The Democrats are demanding a total reappraisal of U. S. foreign policy.

### 141 Adults Receive High School Diplomas Through SIU Tests

CARBONDALE, Ill.—A total of  
141 adults received high school  
diplomas this year by passing tests  
of General Educational Develop-  
ment at Southern Illinois Univer-  
sity, according to Dr. Jack W. Gra-  
ham, coordinator of the SIU Coun-  
seling and Testing Center.

Graham said the diplomas were  
issued by 50 high schools, mainly  
in Southern Illinois. In all, 222  
persons were tested.

Southern's first GED testing pro-  
gram in 1958 will begin at 8 a. m.  
Jan. 3. A day and a half of test-  
ing is required.

Each person to be tested should  
bring a letter from his high school  
principal indicating that the school  
will grant a diploma if he success-  
fully completes the tests, Graham  
said.

The University administers GED  
tests the first Friday and Saturday  
of each month except September.

could do a great job directing this.

"Why not give the women a chance to work for peace?" says Mrs. Bosone. "They bring sons into the world, see them march off as soldiers. They have, to bear the hardest brunt of war. If the mothers of Russia and the United States could get together and understand each other, they could end war."

It's an excellent idea—provided it's repeated every month, with a new pilgrimage of mothers going back and forth between the two big countries in whose hands rests the peace of the world.

These are just a few of the hundreds of ideas being advanced by people who understand the dangers of pushbutton warfare, who worry that their leaders in Paris are talking more about weapons to make war than about people-to-people friendship to prevent war.

### The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON Says:  
Entertainers Sacrifice Time  
To Cheer U. S. Troops  
Abroad; Wrong Button Pushed  
Could Plunge Servicemen  
Into Battle; People Might  
Achieve Peace Where Lead-  
ers Fail.

EN ROUTE TO U. S. BASES  
OVERSEAS. — I am flying across  
the Atlantic to visit American  
bases in the Azores, Morocco and  
Libya during the Christmas season.  
For the last two years a  
group of entertainers organized  
by Michael Sean O'Shea have  
given their time and talent to go  
with me to bases near the North  
Pole. This time we are visiting  
North Africa.

Since this is an area where Lit-  
tle Rock did more damage than  
Sputnik, I asked Abe Saperstein,  
owner of the Harlem Globetrotters,  
to let them come along. Abe  
graciously agreed, at considerable  
expense to himself; so the

#### DESTRUCTION BY PUSHBUTTON

While the statesmen debate  
peace or war in Paris, the boys  
stationed out in mid-Atlantic and  
on the rim of the Sahara have  
been carefully watching. They  
should. They have most at  
stake. If war breaks, if some  
trigger-happy, warmonger goes on  
a spree, they are the guys who'll  
be in the thick of battle within 15  
minutes.

Wars have changed a lot these

days. They can come quickly.  
They can come irresponsibly.  
Here are some of the things those  
on the front line, and we on the  
home line, face:

Missile Mo key-Business — A  
missile expert at Cape Canaveral,  
Fla., pushed the wrong button on  
a Snark the other day. He meant  
to change its course, but he pushed  
the destroy button instead and the  
Snark exploded. Suppose he had  
pushed another wrong but-  
ton and sent it into Miami, Rio  
De Janeiro, or Mexico City?  
There can be no monkey-business  
with missiles these days. This  
is the kind of pushbutton war-  
fare Mr. Dulles wants to install  
in West Europe.

War By Starvation — Civil De-  
fense experts estimate that if war  
came to the U.S.A., the population  
would be out of food in three  
weeks. The grain elevators and  
food warehouses in the big cities  
would be knocked out first.

War By Weather — The Rus-  
sians are reported to have a se-  
cret powder which, sprinkled on  
snow and ice, melts it. This  
could melt the polar icecaps and  
flood the cities of New York, Bos-  
ton and Philadelphia.

Poison and Heat—Ever if Rus-  
sia doesn't melt the icecaps, Dr.  
Edward Teller says we are con-  
suming so much coal, oil and gas  
that carbon monoxide in the air  
is getting higher, while the at-  
mosphere is getting hotter. Thus  
by the year 2000 the polar icecaps  
might melt from industrial heat  
and gases.

All of this adds up to the fact  
that the world is getting more  
crowded, more complicated, and  
there's more absolute necessity  
to get along with each other.  
We've got to regulate not only  
such things as auto traffic and  
the killing of seals in the Bering  
Strait (which we've done on a  
friendly basis with Russia for 50  
years), but we've also got to reg-  
ulate how much carbon monoxide  
we put into the air. Among other  
things, it causes cancer.

If we can't cooperate with each  
other, if we can't get along with  
each other, then civilization is  
doomed. Either we'll poison our-  
selves or flood ourselves off the  
map or someone will push the  
wrong button.

These are some of the things  
I've been thinking about and  
some our troops are thinking  
about while Allied statesmen talk  
about more missiles and missile  
bases in Paris.

#### SHE TALKED TO THE RUSSIANS

A lot of other people are think-  
ing along similar lines. Further-  
more, they are doing something  
about it. My mail, my conversa-  
tions show that seldom have peo-  
ple been thinking so much, realiz-  
ing so vividly the dangers of  
pushbutton warfare.

Mrs. Howard J. Thomas, wife  
of a hardware merchant in Ham-  
ilton, Va., has been thinking so  
much, she has visited the Soviet  
embassy in Washington three  
times to talk about peace.

Mrs. Rev. Beck Bosone, former  
congresswoman from Utah,  
has been thinking about it so  
much she came to see me with  
an idea to exchange mothers with  
Russia. She would pick 50 or 100  
American mothers and send them  
for two weeks to live in Russian  
homes; have the same number of  
Russian mothers come to live in  
American homes.

The women would have to be  
carefully chosen. Women like  
Mrs. Dorothy Houghton of Red  
Oak, Iowa, former president of  
the Federation of Women's clubs,

## Relief Rolls Higher in October

SPRINGFIELD (U.P.)—State general relief rolls climbed sharply during October, showing the effects of a downturn in the state's employment level, the Illinois Public Aid Commission reported today.

The commission said the number of persons on general relief in October climbed to 74,697 from the September level of 71,974. Relief payments under the program jumped from \$2,736,654 in September to \$3,117,840 in October, the commission said.

The climb in general assistance requirements cancelled out decreases

in the remaining four of the state-federal public assistance programs in operation in Illinois.

Assistance requirements under the aid to dependent children old age assistance, blind assistance and disability assistance programs all declined substantially during the month, the commission reported.

For all five programs, the total was \$14,040,200 and 284,189 persons. The figures compare with \$13,672,004 and 282,687 persons in September and \$12,849,904 and 271,055 persons in October, 1956.

Mrs. Robert Keltner is directing the choir, and Mrs. Doyle Hedger, pianist, and Miss Nancy Fulkerson, organist, are the accompanists. Miss Carolyn Wilson, assisted by Mrs. George Rumsey, directs the pageant.

### Dorcas Class Has Christmas Party at Home of Mrs. Clara Edwards

The Dorcas Sunday school class  
of the First Methodist church met  
Monday evening, Dec. 16, at the  
beautiful new home of Mrs. Clara  
Edwards on Route 45, for their  
regular meeting and Christmas party.  
Mrs. Seava Rodocker was the  
assistant hostess.

Christmas music, chimes, hand  
made candles and the lighted tree  
with its encircling gifts, later un-  
wrapped in exchange remem-  
brances, made a very lovely set-  
ting which "highlighted" an enjoy-  
able evening.

The meeting was called to order  
by the president, Mrs. Juanita Ro-  
docker, and was opened with the  
group singing the song, "What a  
Friend We Have in Jesus," led by  
Mrs. Freda Moake and accompa-  
nied at the piano by Mrs. Gertie  
Russell, teacher of the class.

Mrs. Essie Mottisinger offered the  
opening prayer, followed by the  
reading of the minutes. Mrs. Muriel  
Thomas presented the meditation  
on "Fear and Joy," in which her  
theme was, "Trust and Faith in  
God." She chose the scripture—  
And the angel said to them, "Be  
not afraid for behold, I bring you  
good tidings of great joy, which  
shall be to all people. For unto  
you is born a saviour which is  
Christ the Lord. Luke 2:10. She  
also discussed thoughts taken from  
a recent publication of "The Ainal  
Temple Bulletin," elaborating on  
"Peace and Good Will," that was  
born with the Wondrous Christ  
Child. She concluded with the  
thought that, mankind needs these  
things that were born in Bethle-  
hem—love, kindness, sympathy,  
gentleness and helpfulness, also  
that inward peace that "passeth  
understanding" that can be attain-  
ed only through faith in God.

Mrs. Norma Schreffler and Mrs.  
Blossom Stations were appointed  
to see that the church bulletin  
board is re-painted, as the mainte-  
nance of it is a project of the class.  
Mrs. Audie Henshaw and Mrs.  
Gertie Russell were appointed to  
assemble and deliver 3 baskets of  
food and gifts to shut-ins, that was  
donated by each member of the class.

At the suggestion of Mrs. Clara  
Edwards, the class is requesting a  
collection of "old" silk hose, of  
which is to be sent to the Mission-  
aries in Japan, to be used to make  
useful articles.

The business session was closed  
with the group singing, "Silent  
Night, Holy Night."

Mrs. Marie Fife Harris had  
charge of the recreation, and ren-  
dered very appropriate entertain-  
ment. Prize winners for contests  
were Mrs. Pauline Beasley and  
Mrs. Olive Davis. The door prize  
was awarded to Pansy Black and  
Mrs. Mary Tanner possessed the  
"lucky belted Santa."

The class presented the teacher,  
the pastor's wife and the president  
of the class with an array of lovely  
gifts, in appreciation for their con-  
tinuous efforts and wonderful en-  
couragement accomplished during  
the past year.

Birthdays observed for the  
month of December were, Mrs.  
Seava Rodocker, Mrs. Muriel Thom-  
as, Mrs. Thelma Jenkins, Mrs.  
Muriel Dunn and Mrs. Ethel Beav-  
ers.

Refreshments were served to 30  
members, namely Mrs. Juanita  
Campbell, Mrs. Audie Henshaw,  
Mrs. Freda Moake, Mrs. Juanita  
Rodocker, Mrs. Betty Mottisinger,  
Mrs. Pansy Black, Mrs. Gertie Rus-  
sell, Mrs. Juanita Schwartz, Mrs.  
Marge Davis, Miss Wanda Fort,  
Mrs. Blossom Stations, Mrs. Clara  
Edwards, Mrs. Pauline Thornton,  
Mrs. Mary Tanner, Mrs. Seava  
Rodocker, Mrs. Muriel Thomas,  
Mrs. Olive Davis, Mrs. Dollie Tar-  
rant, Mrs. Ada Holloway, Mrs. Ma-  
rie Fife Harris, Mrs. Effie Travel-  
stead, Mrs. Essie Mottisinger, Mrs.  
Dorothy McCafferty, Mrs. Mary  
Lea Elms, Mrs. Norma Schreffler,  
Miss Maxine Davis, Mrs. Pauline  
Beasley, Mrs. Mary Venita Beggs,  
Mrs. Wilma Gullede, Mrs. Connie  
Rann. Favors were large Santa  
Claus' filled with salted nuts and  
candy.

Before departing, some of the  
members enjoyed an inspection  
tour of the lovely new home of the  
Edwards.

The next meeting will be an in-  
stallation of officers, Jan. 20, at  
the home of Mrs. Audie Henshaw  
with Mrs. Gertie Russell as the  
assistant hostess. Mrs. Pauline

## IPAC to Boost Maximum Grants

SPRINGFIELD — The Illinois Public Aid Commission said today maximum grants for old age and disability assistance will be increased from \$77 a month to \$79 effective in January.

In addition, earned income up to \$17.15 for adults and \$20.15 for children will be exempted starting in February before their total earnings are applied to reduce the amount of public assistance grants under the old age, disability and aid to dependent children programs.

IPAC Executive Secretary Peter W. Cahill said about 6,300 persons will benefit from the new maximums for old age and disability

assistance grants. Only those whose regular living expenses exceed the present \$77 ceiling will be affected.

The increase was authorized by the commission under provisions of the public assistance code which requires grants under the two programs to be adjusted in January and July to meet changes in the cost of living.

The first automatic transmission to use the infinitely variable pitch stator principle of today's stratocruisers.

The most modern engine it is possible to build for today's fuels.

## Opponents Haven't Been Too Tough, Combes Says; Refuses to Rate the Illini

CHICAGO (AP) — Harry Combes' Illinois basketball team is unbeaten, but the Illini coach won't rate his club even as a "sleeper" in the Big Ten because "the opponents so far haven't been too tough."

"I just don't know how to evaluate this team," he said. "I

think I'll know better after tomorrow night. We play Iowa State then and you know they're a good ball club. The only game they've lost was by 1 point to Minnesota, at Minnesota."

Combes said, too, that his team would be handicapped when it plays that "big man." So far the big one has been Marquette's Mike Moran, but Combes didn't believe the Hilltoppers came up to pre-season expectations because "they lost their first four games."

"Moran is 6-8 and he moves fairly well," Combes said. "But we haven't played people like Frank Howard of Ohio State and Archie Dees of Indiana yet."

Combes said his team has more speed than usual, but lacks size and experience. "Governor Vaughn and Marnie Jackson are good sophomores and they jump better than most players their size," he said. "But we've got two seniors and a junior on the starting five and our second team is one junior and four sophomores."

"Our starting lineup averages only 6-2, and we've been outsize by every team we've played. We do have pretty good depth, more than last year, but our size could handicap us."

Combes believed that even though both Indiana and Ohio State, ranked among the top three Big Ten teams in pre-season estimates, opened with losing streaks, they would be title contenders.

"I'm surprised at what's happened to them," he said. "There's nothing wrong with those two clubs. I know. They just couldn't get together and they could get together overnight. When they do, they'll be right up there. I know they've got the talent."

He believed that one reason for Illinois' success in early games was because his team did "get together." It's happened to us once before," he said, "a young team clicking like that. But I'll have to wait until January to really evaluate our team."

Illinois has beaten Marquette, De Paul, Butler, Colorado and Rice, and Combes believed only the latter was a top team. "They're favored to win their conference," he said, "but they lost to Wisconsin."

## Picking the Bowl Winners

IN THE Sports Parade

By OSCAR FRALEY

United Press Sports Writer

NEW YORK (AP)—Frale's Folies and absolutely the final football selections of the year—the bowl game "winners" which will prove, if you bet on 'em, that it is better to give than to receive.

Without further ado, or even any more nonsense, here they are:

Rose Bowl — Ohio State over Oregon.

Sugar Bowl — Texas over Mississippi.

Cotton Bowl — Navy over Rice.

Orange Bowl — Oklahoma over Duke.

Gator Bowl — Texas Aggies over Tennessee.

Game by game, it shapes up this way:

Rose Bowl

Coach Woody Hayes of Ohio State is acting like a man with the seven year itch who bites his fingernails. A man who calls a shovel a gold-durned spade, he talked himself into a mess on the coast a couple of years back and nobody has forgotten or forgiven. Including Woody.

The insinuation was that Western teams didn't make it smell like a Rose Bowl and, to prove it again, Woody is insisting that his muscular marvels kick the attar out of poor little Oregon. Ohio State is a 17 point choice—or maybe the word "cherce" now is more acceptable in the Los Angeles area — and it is doubtful if Hayes will settle for less.

Oregon lost three games by a total of only 17 points and a good defense may hold down the score for the first three quarters. But watch those Buckeyes run in the final heat after crunching the resistance out of Oregon for the first 45 minutes.

Sugar Bowl

This is a game which proves that education really has survived in college, even for football players. Texas got off slowly because it is loaded with sophomores. The pore li' fellers had to learn—and did. Their late surge gave them all A's in first aid. Ole Miss is faster than a blue tick hound served by a pair of coons. Seven former backs make the line as mobile as a Sherman tank and there are three 10-second sprinters in the backfield. But I got to go for education in a pick 'em ball game.

Cotton Bowl

This Navy team hits like a bunch of grogged-up gobs in an Arch St. saloon. Rice has a diversified attack but the Middies figure to handle it with a "jitterbug" defense which is really something to see.

There ought to be a law against guys like that Reifsnnyder. The opposition could wind up in the stands and somebody might get hurt. Navy is only a two-point favorite yet from here it looks like money in the bank from San Diego to Singapore.

Orange Bowl

Oklahoma loses a ball game, after chalking up 47 in a row, and right away they're a bunch of stiff. Notre Dame's line played a whale of a game to pull off that miracle and Duke has a forward wall which won't take sass from anybody.

But — I'd sooner bet on the Sooners than the Blue Devils, being the angelic type, anyhow. Oklahoma could win it big, yet I'm inclined to back off from that 11-point spread.

Gator Bowl

"They look to be a couple of touchdowns better than we are," moans Bear Bryant, whose Aggies are 6 1-2 point favorites. Tennessee is light but has good punting. However, Johnny Crow figures to run it back far enough and often enough to take it all.

Brother, can you spare a dime?

## Rocha Named Pistons' Coach

DETROIT (AP)—Charley Eckman's coaching philosophy of "What can you teach All-Americans?" led to his downfall as coach of the Detroit Pistons and Thursday resulted in the hiring of Red Rocha.

Owner Fred Zollner said he and Eckman parted "without animosity" but it was their differences over personnel that wound up with Eckman's resignation despite winning two divisional titles and tying for a third in three years as head coach.

Zollner said that although Rocha, 34, has not coached in the National Basketball Assn. before, he is "impressed by his gray matter."

Rocha was a star forward, excelling in defense, for nine years. He played with Syracuse, St. Louis, Baltimore and closed out his playing career last season with the Pistons.

He signed a contract through Oct. 1, 1958 with an automatic one-year extension if the team shows improvement.

Gunzel In Varsity

Action With Tulane

A report from the Tulane University news bureau reveals that sophomore Alf Gunzel participated in Tulane's first two basketball games as a substitute. He made three free throws and grabbed four rebounds in the victories over Tampa and Louisiana College.

Alf was a member of Shawnee-town's "Sweet 16" cage team and also was a stalwart on the Indians' 1955-56 team, both of which were undefeated in regular season play.

MRS. JOAN SEAMEN gazes wistfully at her trailer home, left, demolished by a tornado which ripped through Cedar Lane Court south of Carbondale Wednesday. Mrs. Seamen and her father-in-law, Walter Seamen, Litchfield, were in the trailer when the twister hit. Neither were injured. She stands at the pre-storm location of her front door. ## Tornado Fails to Shatter Spirit At Murphysboro

Lights Still Out, But Residents Begin Task of Rebuilding

MURPHYSBORO, Ill. (UP) — The tornado which wrecked the southern section of this city of 9,200 persons failed to shatter the human spirit — or the Christmas spirit.

Electrical power, disrupted by the twister which hit Wednesday night, still was out this morning. Drenching rains pelted the city all day Thursday and today.

But despite the gloom and tragedy, residents pitched in to salvage what they could from shattered homes and begin the tremendous task of rebuilding.

In the downtown section, which largely escaped the fury of the storm, holiday shoppers crowded stores. Although lights on the Christmas decorations were out, a feeling of gaiety pervaded the streets.

For some, however, there was only heartbreak.

### Gym Shelters Many

They were the relatives of the nine tornado victims, five of them children, who perished in the 40-second sweep of the twister or later at hospitals. The injured totaled 178—18 seriously, 2 critically.

For 300 persons there was no shelter other than the emergency quarters supplied by the Red Cross and friends and relatives. About 150 persons spent the night in a hospital gymnasium, a Masonic hall and the courthouse.

Power was expected to be restored today, but in the meantime townspeople used candles and oil lamps for light and those with electrical oil furnaces shivered without heat. Schools and some businesses were closed.

Jackson County health officer R. F. Sontag said there was no immediate health danger from infectious epidemics, but residents were ordered to boil drinking water as a precaution.

### Thankful They're Alive

Armed National Guardsmen patrolled the disaster area along the Big Muddy River to prevent looting.

Stories of tragedy and near tragedy mingled with touches of humor. One oldster who survived the 1925 tornado which killed 225 in Murphysboro remarked:

"I lived through that one and I lived through this one and maybe I could stand one more."

But most Murphysboro residents merely "thanked the Lord we're still alive."

## Mitchell Says '58 Will Be Good Year For Working Man

WASHINGTON (UP) — Secretary of Labor James P. Mitchell said today that 1958 would be a "good year" for the working man even though unemployment and strikes probably would increase.

Mitchell said he looks for an upturn in the middle of 1958. He predicted that construction activity and billion-dollar spending on the federal-state highway program would bolster the economy. "I don't think we are in a serious economic situation," he told a news conference. "I don't look forward to any large-scale prolonged unemployment."

Mitchell said there is little doubt that joblessness will rise above the 3,200,000 recorded by the Labor Department in November. He said unemployment normally rises in the winter months but it would be worse than usual in the first half of next year.

He said increased defense spending and perhaps a higher federal budget would help alleviate unemployment.

## Two Killed, Five Injured in Auto Accidents

MOUNT PULASKI, Ill. (UP) — Two persons were killed and five injured in two separate accidents on U. S. 54 near here Thursday night and Friday morning.

In the first accident five University of Notre Dame students en route home for the holidays in a borrowed station wagon collided head-on with an automobile at nearby Lake Fork.

Adolph R. Bulleri, 20, Phoenix, Ariz., one of the students, was killed.

Cecil Coffey, 42, Lincoln, driver of the car, and the four other students were hurt. The four were Francis E. Coles III, Robert Longoni, Richard J. Trent, 20, and Mike Gaddes, all of Tucson, Ariz.

State police said a tire blow out on the station wagon apparently caused the accident.

In the second accident between here and Lake Fork, Thomas R. Brooks, 41, Clinton, was killed when his car collided head-on with a semi-trailer truck. The truck driver was not hurt.

## Eight Children Orphaned When Parents Drown

LOS ANGELES (UP) — Bleak Christmas days without their parents were the prospect today for eight children orphaned by the death of Mr. and Mrs. Faustina Abella.

Abella and his 29-year-old wife, Jennie, were drowned Thursday when their car plunged off a bridge in nearby Long Beach and landed in 10 feet of water.

Death of the couple orphaned eight children, four here and four in St. Louis, Mo. The four here, Susan, 9, Mary, 10, Gloria, 12 — Mrs. Abella's children by a previous marriage — and Gaustion Jr., Abella's 18-month-old son, were taken to Juvenile Hall.

Four others, Sammy, 8, Bobby, 9, Charles, 13, and Claude Capps, 15, are staying in St. Louis with their maternal grandmother, Mrs. Minnie Icke.

Police said Mrs. Abella was driving her sailor husband back to the tanker USS Navasota when their car stalled on a bridge approach. A car behind assisted with a push.

Apparently the accelerator stuck in the Abella car. It ran out of control, ripped up 30 feet of bridge railing, hit an abutment and plunged into the water below. Divers recovered the bodies two hours later.

## McElroy Discloses Administration to Ask Billion More for Defense

WASHINGTON (UP) — Defense Secretary Neil H. McElroy disclosed today the administration will ask Congress for about one billion dollars extra to finance stepped up defense spending in the current fiscal year.

McElroy said the additional money for the year which ends next June 30 will be needed because of an increase in spending for missiles and in other defense fields.

If Congress approves the supplemental appropriation when it convenes in January, total defense spending for the year will rise to close to \$9 1/2 billion dollars.

## Soviets Attack NATO Proposal For Arms Talks

PARIS (UP) — Soviet Russia today in effect rejected a proposal by the 15-nation North Atlantic Treaty Organization for new arms reduction talks.

The allied NATO group, in a communique issued at the conclusion of its four-day summit conference, suggested the arms reduction talks could be instituted through the United Nations or through a conference of East-West foreign ministers.

A Radio Moscow broadcast, although it did not flatly reject the proposal, branded it a "maneuver to clear the Western powers of all responsibility for their arms drive."

The NATO communique had placed the blame for the arms race and failure to reach any agreement on disarmament directly at the Kremlin's doorstep.

As for the U. N. Disarmament Commission which was enlarged to 24 nations at the last General Assembly in an effort to end the Soviet boycott, Moscow said "it is common knowledge the U. N. Commission is not representative."

The broadcast made no mention of Western willingness to hold foreign minister talks with the Soviets if such a move is necessary to reopen the disarmament talks.

NATO Secretary-General Paul Henri Spaak told a news conference Thursday night he expected the first official Soviet reaction to the offer to come within days.

## Mattoon Man Dies In Plane Crash

GARRETT, Ill. (UP) — The body of Edwin Harris, 26, Mattoon, was found today in the wreckage of his rented airplane in a field near this Douglas County town.

Harris, flying a two-passenger Cessna 140, left Springfield Capital Airport Thursday afternoon bound for Mattoon. He had filed no flight plan but was due to land at Mattoon about 4:30 p. m.

When he did not arrive, state police started searching for him after receiving several reports of a downed airplane.

Harris, son of Kenneth R. Harris, Springfield, was manager of the Shoe Box store at Mattoon.

He was a student pilot and had rented the airplane from the Bay Flying Service at Mattoon.

## Rails Ask Hike In Freight Rates

WASHINGTON (UP) — The nation's major railroads asked the Interstate Commerce Commission Thursday for permission to file new freight rate tariffs reported to contain an average increase of 3 per cent.

Last August the commission awarded increases of about 7 per cent to railroads operating in the eastern and western territories and 4 per cent to lines in the southern territory.

## Dulles Meets With Franco

MADRID (UP) — Secretary of State John Foster Dulles flew here from Paris today to discuss results of the NATO summit conference with Spanish Chief of State Generalissimo Francisco Franco.

Spanish Foreign Minister Fernando Maria Castiella met Dulles.

After inspecting a Spanish-American guard of honor with Castiella and Spanish air force Gen. Jose Maria Garnica, Dulles rode into Madrid in a motorcycle-escorted motorcade.

Informed sources in Paris said the United States would be inclined to agree to station U. S. missiles on Spanish soil if Franco asks for them, even though Spain is not a NATO member.

## Super-Secret Report Warns Russian Military Might Grave Threat to U. S.

WASHINGTON (UP) — A super-secret report prepared for the White House warns that Russian military might poses so grave a threat to the nation that nothing short of an all-out defense buildup can stave off "catastrophe," it was reported today.

The Washington Post and Times Herald said the Gaither Committee report pictures the nation "in the gravest danger in its history" and "moving in frightening course to the status of second-class power."

In a copyrighted story, the newspaper said that even with the enormously more expensive military buildup recommended this country cannot match Russia's missile might before 1960 or 1961.

At the same time, it said, the report shows that America lies exposed "to an almost immediate threat from the missile-bristling Soviet Union."

The report indicates there can
